

Ladies Club News

Our final meeting of the year was held on April 17. Susan Barnes, master gardener was our speaker. She showed pictures of different pollinators and shared how critical pollinators are to our environment. Did you know that pollinators are entirely responsible for the production of most fruits, nuts and vegetables. Thank a bird, bat, butterfly, moth or bee today!

We were able to generously donate to six local organizations this month, thanks to your generous support through club dues and the 50/50 raffle. These organizations were at your suggestion, and were the top vote getters. We were able to donate one hundred twenty-five dollars each to the following charities:

Second Harvest of the Big Bend

Alzheimer Project, Inc. (who sent a nice thank you note)

Big Bend Hospice Foundation, Inc.

Grace Mission

Ladies Learning to Lead

The Salvation Army

It has been an honor and privilege to serve as your club president for the past 2+ years. I hope you enjoyed the programming, and look forward to more excellent programs in the fall with a new leadership team. They are already at work lining up speakers. More news to follow! Please come out and support us as we continue to grow. Our next meeting is Friday, September 18th at 11:00 AM. Please save the date!
